Check calendar for a job slot

- Check with your Calendar in this app to see if you can clean up on July 8.

- Sign up to be the **July UNFI**

- Sign up to be **the second clean** for July 1, Monday

- Sign up to be **the second clean** for July 6, Saturday

Request new task

Mark your preferred jobs. It's time for new jobs. Let Susie know that you'd prefer to do:

- 1st Cook on 7/2

- 1st Cook on 7/9

- 3rd week Mop

- 2nd Cook on 7/16

- 2nd Clean on 7/17

-Check to be sure that you've requested five tasks for October.

Cancel the request

You have a appointment with friend on 10/17 Tue. night. So you have to cancel the request task of that day.

Transfer the task

- You just learned somethings come up next Monday 9/17. Find someone who can accept the task for you.

Accept the task

- Respond to an offer to accept the transferred task. Someone has offered to transfer the task. Check your availability to cover someone's 1st cleanup slot on Tuesday 9/23. Since you are free that evening, accept that task.

You've helped make this sign-up program easier use for everyone

Test Record List :

- Change"menu" to "meal menu"

- Change"All task" to "task board"

- Take out the birthday of my profile (the lady requested it)

- The first day of week start from Saturday (history)

- Find Calendar is not easy for everyone (success1/3, but it is not the accessory function then consider leaving it like the current. Add a feature that adding the signed jobs to user's calendar to make a reminder, BUT Mop and UNFI are special ones)

- Change "18:00-20:00" to "6:00-8pm", add tap to pop up the detail of time

- Make request tap area bigger since people tend to tap all the graph and button

- Change "Current Task" to "Signed task" in My task page

- Change" Labor pool " to "Available labor"

- General note? (This one was requested from the lady but I don't know the purpose of it)

- Not easy to find my requested job, 3/3

- Hard to find the "request task" (Add another way to open request task in "Announcement" when there's an announcement about it)

- Make my current signed task seems more tappable.

- **Transfer/Cancel job**

(from "My task"page > choose the task > "request help" pop-up > choose from"Available labor" page >Translate/Cancel)

(from "All task" page > choose the task > "request help" pop-up > choose from"Available labor" page >Translate/Cancel)

(from "Available labor" page > pop-up my task > choose one that need to transfer > confirm)

- **initial job Swap**

(from "Announcement" page > add a new job swap announcement)

(from "My task"page > choose the task > "request help" pop-up > choose request swap > Announcement page)
